Bangalore entered a new world of style, fashion, and glamour characterized by comfort with the opening of Beyond, The Furniture Store, a contemporary furniture and accessories shop. The brainchild of Anil Kathotia and Uday Jamnadas, Beyond showcases latest trends in living spaces with clean lines and minimal fuss over styling of the product. Experimentation in design and material is evident.

Godrej Interio along with IIID presented a competition for the best futuristic workstations that saw participation from a varied range of people including professionals, students and product designers alike. The gleefully enterprising competition ended with the award ceremony where Planet 3 Studios bagged an award for literally placing the workstation in a suitcase, while Void Labs took it with their 2020 thought process

transcending ages, with the design defying the conventional! This is the first time in the history of Indian Interior Design turf that an award has been instituted for indigenous and innovative design ideas for the future.

As art enthusiasts committed to popularizing the lesser known Asian arts to a global audience, Ishi and Ritu have gone a step further to provide a platform to the extremely talented artists of Pakistan. After successful exhibitions of Contemporary Pakistani art in New Delhi and London, they bring to Mumbai this spirit of friendship and immense talent of Pakistani artists renowned not just nationally but internationally. The exhibition called Indus Strokes, will showcase the works of 25 artists based in Pakistan [Gulgee, Tassaduq Sohail, Rahi, Eqbal Mehdi, etc.] at Hotel Taj Mahal Palace & Towers on December 15th & 16th and at The Leela Kempinski Hotel on December 18th.
